OFF-CAMPUS MEAL PLANS
Spring Semester 2008

This form should be filled out by **OFF-CAMPUS STUDENTS** only. All on-campus students must participate in the on-campus meal plan.

Off-campus students may purchase any meal plan offered by Housing and Dining.

Plan OC 5 provides access to any five meals each week in the Residential Colleges. Meals not eaten during the week do not accumulate. The five meals per week will be available only during regular meal service hours from Monday breakfast through Sunday dinner. Each Monday morning, the weekly five-meal rotation will refresh and any unused meals from the previous week will no longer be available. This includes shortened weeks and is limited only to weeks that are considered part of the Spring Semester 2008. For each of the five provided meals, you may pass through the line only once, yet may receive as much food as you wish. Plan OC 5 is priced at \$690.00 per semester.

Plan OC 6 provides access to any five breakfast or lunch meals each week in the Residential Colleges. Meals not eaten during the week do not accumulate. The five meals per week will be available only during regular meal service hours from Monday breakfast through Sunday lunch. Each Monday morning, the weekly five-meal rotation will refresh and any unused meals from the previous week will no longer be available. This includes shortened weeks and is limited only to weeks that are considered part of the Spring Semester 2008. For each of the five provided meals, you may pass through the line only once, yet may receive as much food as you wish. Plan OC 6 is priced at \$510.00 per semester.
